

# **Oak Hills Community Plan**

The Oak Hills Community Plan was a joint effort between the City of Hesperia and the County of San Bernardino, with the city taking the lead on the development of the plan. The city adopted its version of the community plan on April 3, 2002. The County adopted its version of the plan on March 27, 2003 by creating the Oak Hills Planning Area and extracting portions of the city's community plan and inserting them into the County General Plan and into the Development Code. This was done so the plan would be consistent with the format of the County documents. When the General Plan Update Program is formally adopted in late 2006, the Oak Hills Community Plan will be reformatted to match 13 other community plans that were reestablished as part of the General Plan Update Program.

# Mountain Region

## Add Input to Your Community Plan

While we're developing the General Plan Update, individual community plans are being prepared for several areas of the County. Community plans will identify land use goals and policies unique to that area. The public is invited to participate in the upcoming meetings for the following areas:

### **Bear Valley**

- Meeting Notice – To Be Determined
- Meeting Agenda – To Be Determined
- Draft Community Plan

### **Hilltop**
